Sun Villa Homes Pc 02 021 IS HEREBY GIVEN NOTICE THAT:

1. Centurian Co Inc (discharger) owns/operates Sun Villa Homes Pc 02 021 located at 2240 San Clemente Ave in Vista. Sun Villa Homes Pc 02 021 is regulated by State Water Resources Control Board Order No. 97-03-DWQ, National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges Associated with Industrial Activities excluding Construction Activities (General Permit). The waste discharger identification number for the facility is S9 37C318694.

ALLEGATION

2. The Discharger is alleged to have violated Section 13260(d) of the California Water Code which requires that each person for whom waste discharge requirements have been prescribed pursuant to Water Code Section 13263 shall pay an annual fee according to a fee schedule established by the State Water Resources Control Board (State Board).
3. The California Regional Water Quality Control Board, San Diego Region (hereinafter Regional Board), may impose liability in accordance with California Water Code Section 13261 (a) and (b) for failure to pay annual fee assessed for the facility.
4. The following facts are the basis for the alleged violations in this matter:

Annual Fee Notice: On November 4, 2003, the State Board issued a notice of Annual Fee (Invoice No. 1499) to the discharger providing 30 days (December 4, 2003) for payment of the fiscal year 2003 – 04, beginning on July 1, 2003. The annual fee applicable to this facility is \$356.

Demand Letter: On January 22, 2004, the State Board issued a Past Due notice establishing the annual fee was more than 30 days past due.

Notice Of Violation: On February 26, 2004, the State Board issued a Notice of Violation, establishing the Annual fee was more than 90 days past due. The NOV is the final notice to the discharger that failure to pay required annual fees is a violation of the California Water Code Section 13261 and could subject the discharger to Administrative Civil Liability Complaint assessing monetary penalties.

5. While the annual fee has remained outstanding, the discharger continued to enjoy the privilege of discharging waste, while other dischargers paid the required annual fee. The liability should be calculated to negate any economic benefit realized by the discharger because of the violation.
6. As of April 23, 2004, the number of days Sun Villa Homes Pc 02 021 has been in violation for non-payment has been 141 days, tabulated as:

December 4, 2003 to April 23, 2004 = 141 days of violations

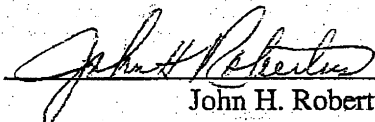

7. Pursuant to Water Code Section 13261(b), the maximum assessment Sun Villa Homes Pc 02 021 is civilly liable is \$1,000 for each day of violation for the violation cited above. The amount of liability will continue to accrue with the continued failure to pay the annual fee after the issuance of this complaint until the Regional Board considers this matter in a public hearing. Therefore, the maximum civil liability can range up to \$14,100.

PROPOSED CIVIL LIABILITY

8. Civil liability should be imposed on Centurian Co Inc by the Regional Board in the amount of \$1,410, calculated at \$10 per day times the number of days late or non/payment for the violations cited above. The proposed amount of civil liability attributed to each violation was determined by taking into consideration the factors specified in Section 13367, as well as the maximum civil liability that the Regional Board may assess.
9. Assessment of liability is a separate amount and does not include the amount of the annual storm water fee. Failure to pay the annual fee after the issuance of this complaint continues to accrue days of violation and is subject to additional assessment of liability until the Regional Board considers this matter in a public hearing. The current outstanding balance is \$356.
10. The Regional Board costs for investigating this incident were approximately \$400.
